

Knowle Hockey

Club Stash

Updated Oct 2025

What do I need?

Hockey's a simple game,
but you do need a bit of kit
to get you going:

- ✓ Stick
- ✓ Comfy shoes suitable for astro
- ✓ Sportswear

To play league, you'll also need a numbered shirt in the same colour as your teammates, along with matching socks and bottoms. Shinpads and a gumshield are also a very good idea. As you get into it more, various other bits of protective kit like gloves are available, and if you find yourself defending penalty corners, masks are increasingly recommended by EH.

This can all become expensive, and at Knowle we never want cost to be prohibitive to you getting on the pitch. We keep our match kit and stash as affordable as possible, and regularly review the offering to make sure we're offering something that's value for money and will last (albeit with a little TLC and careful laundering) - or can be easily substituted in an emergency with a white top and some tape! This is our current stash collection if you'd like to look the part, and can be ordered through Zoe.

Playing shirts

Our home shirts are mostly white, and our away shirts are mostly black. To fulfil league requirements, your shirt must have your league number clearly visible on the back.

Our bespoke Knowle-branded playing shirts are supplied by Kukri. They are made from S-Spire 145g 100% polyester fabric that is quick drying, cool, light, comfortable and colourfast with moisture management properties.

They are available in ladies' sizes from 4 – 22, which come in a 'feminine' cut.

Due to the bespoke design, there's a minimum order quantity and the delivery time from Kukri is between 8 and 12wks. We order in bulk around once a season, so tend to have the most in-demand sizes immediately available for purchase.

Playing bottoms

West Hockey has embraced modern times and now both skorts, shorts or leggings are permitted in league games. Knowle play in black bottoms of your choosing.

Skorts and shorts are available from a range of sportswear manufacturers, eg. TK, ProStar, Grays, and can be purchased online pretty easily.

While stocks last as Reece are updating their offering this season and we'll review when that happens... Reece Fundamental skorts are available through the club in black. They're made from a combo of polyamide and elastane (92% / 8%) for improved comfort, moisture-wicking and fast-drying. Designed with flat seems, they're a comfortable fit.

Playing Socks

The Knowle home kit includes maroon socks, and the away kit includes black socks.

Stanno socks are available for purchase through the club. These are made from lightweight, polypropylene fibres with moisture wicking properties. The sock has a mesh knitted backside and new anatomic foot, with a left-right system, for improved fitting and comfort.

They are comfy, wash well (at up to 60 degrees) and hold their shape well, so are easy to get on over shin pads!

They are available in five sizes.

Order Details

We place orders with Kukri for shirts up to twice a year due to the longer production time and minimum order requirements. There's usually be a supply of shirts in Knowle stock available for immediate purchase, but these are likely to be in popular sizes (10 - 14), so if you're after anything else be aware you may have a longer wait.

Other items can be requested at any time and orders will be placed on a more regular basis determined by demand as it's better the value the more we order in on bundle.

To order kit items, contact **Zoe via email** with your garment, size, colour and personalisation requirements. She'll collate the orders and confirm costs and payment details - payment is generally required prior to orders being placed with suppliers or kit is handed over.

And if you have any requests for Knowle-branded stash, we're always open to ideas...
